

Are You A

# Priority?

"Medical Experts have determined that some people are at higher risk of contracting or having complications from the H1N1 virus."

## Priority Groups

---

Better known as Swine flu; H1N1 is a virus that affects the lungs and restricts breathing. It is highly recommended that these **PRIORITY** groups receive the **FREE** vaccination for H1N1. If you have concerns about the vaccination please talk with your Doctor or visit [www.MyFluSafety.com](http://www.MyFluSafety.com).

### Priority Groups include:

- \* Pregnant women
- \* Children & young adults age 6 months - 24 years
- \* People who live with or care for children younger than 6 months old
- \* Health care workers and emergency medical services personnel
- \* People age 25 through 64 years who have health conditions associated with higher risk

The Lee County Health Department is providing

# FREE H1N1 Vaccinations
