Lee County Health Department's Immunization program announced the opening of its second Shots for Tots Clinic at the Lehigh location on the third Tuesday of the month in honor of National Infant Immunizations Week, which begins today.

The Lehigh Acres immunization program, which administered nearly 594 shots in 2010, is doubling its two-hour opening to better meet the needs of the community, said Kim White, immunizations manager. The new clinic, located at 5624 8th St. W, Suite 106, serves a growing population area.

The new Tuesday clinic will be open the same time as the existing Thursday clinic — from 5:30 to 7:30 p.m. one day each month. No appointments are needed.
